...There is no substitute for our associates...

We are fortunate to have the best customer service representatives, sales staff, window technicians and glaziers working with Pitman Glass Company. With over 40 employees, we are pleased to say some of our associates are second generation to Pitman. Since 1998, this Pitman Team is responsible for installing over 1,500,000 square feet of aluminum curtain walls, 100,000 square feet of architectural skylights and over 15,000 commercial windows and patio doors.

...Experience Counts...

Our project manager and estimating staff are all career glass and window specialists. Each one of our senior project managers has a minimum of 20 years in the glass and window business. This experience allows Pitman Glass Company to provide the expertise in all facets of the glass industry...Including multi-angled curtainwall installations, like the one pictured below.
